

Adwoa began her career at Habitat for Humanity GTA in early 2018. A lifelong volunteer (most recently as the Chair of a large non-profit homecare organization and as an active United Way volunteer), Adwoa has had a great vantage point into the non-profit world.

She co-founded and built a boutique leadership consulting and training company that worked with hundreds of private sector and not-for-profit organizations and all three levels of government. Her prior roles in sales, business development, and operations has seen her work in Munich, Toronto, Bucharest, and Mumbai.
