

Daniel is Vice President of Land at Habitat GTA. He is responsible for the acquisition and development of properties throughout Toronto, York Region, Brampton & Caledon. Daniel and his team work directly with the municipalities, developers, and consultants to prepare land for construction of future Habitat homes.

Daniel's experience ranges from seniors housing development, to apartment housing, hotel and hospitality development, and residential. Over his career he has played a lead role in the development and delivery of hundreds of homes across the Province.

Prior to joining Habitat for Humanity, Daniel was Vice President at a nation-wide seniors housing developer. He is the Vice-chair of Reena Foundation, a housing and service provider for individuals with developmental disabilities. Daniel has an MBA from the University of Guelph.
