

Sue VanDeVelde-Coke

Sue VanDeVelde-Coke, RN, MA, MBA, PhD is a health care executive/consultant with senior level experience in academic acute care, community and long term care organizations. She is currently CEO & President of Kerry's Place Autism Services, which is the largest provider of services, supports and housing for individuals with autism spectrum disorder in Canada, serving over 8000 individuals and their families in Ontario. Most recently she served as a consultant working with health care organizations in transition. Previous positions include: EVP and Chief Professional Programs at Sunnybrook Health Sciences Center, VP Strategic Planning/Operations at the VON National Office, Senior Vice President, Winnipeg Health Sciences Centre, Director of Surgical/Intensive Care Services at the Mayo Clinic.

Dr. Coke served as President of the Academy of Canadian Executive Nurses and Vice President of the Canadian Nurses Association.. She teaches in the graduate program at the University of Toronto, and has taught at Universities of Ottawa, Manitoba and Rush University (Chicago). She has been a member of numerous federal, provincial and local task forces and committees, focusing on improving ways to bridge the acute and community sectors.

Dr. Coke is a Director on the Canadian Nurses Foundation Board. She has previously served as a Director on the VON National, the Sunnybrook HSC, the Canadian Nurses Association and the Anne Johnston Community Health Centre Boards of Directors.
